*Just found out about his passing. I worked with him for a lot of years at Winsupply. I really liked working with him. He was such a private person at work, but I did get the chance of being around him. He would do anything for me. We are the same age, but he always made sure I knew he was 6 months younger. I hated to see what was happening to him. My husband knew him also when he worked for Quality Mechanical. Lot of years ago. I lost touch when he left. He was a good man. My heart goes out to his wife and family. God Bless ❤️*
