“ Billy Jack and I arranged for us to double-date to a banquet. He asked who was I going to invite. As soon as I told him, he ran out of the locker room and asked her to go with him. During high school baseball, he pitched and I caught.

We camped out at the creek one night. This bright light was shining low down through the trees. There were lots of voices coming from that direction. We called out but got no response. Grabbing a hatchet and stick, we slipped through the trees only to find it was the moon and a party at the people's house across the road.
Prayers for the family.

“ We spent time together talking, working in my yard, eating, walking at the river. He made me laugh and was a good listener. I miss him so much

“ God broke the mold after making BJ. He was an amazing friend - always willing to lend a helping hand. He even helped me raise funds to go on a mission trip to Africa. He had the most tender heart - after Jessica gifted him with \$300 on Pay it Forward, he turned right around and donated \$100 to Life Challenge. I can't count the number of times he saved my day. Until we meet again, friend.

I can't begin to tell you how much everyone here at Independence Village will miss BJ. He was friends with everybody. He could be seen walking his dog, Callie, several times a day around the building. He would stop and visit with people as he walked with his dog. He was a great guy. Everybody liked BJ! My condolences to all the family.
