“ Danny was one of my students back at Amarillo College. He definitely always brought a certain vigor to the classroom, and I know he'll be missed.

“ *Danny was always my favorite to visit in the United Gas Station, we would share our common interests on a new movie coming out or a new video game. He also would always try the new Starbucks seasonal drinks and tell me if I should try it or stay away. I would stop by to give him his break or just stop by after I got off work to talk and have a laugh. He was very genuine and a really great guy. He will be missed.*

“ *Danny was such a cool guy. I loved working with him. He was one of the boys. When I left Marketstreet I'd stop and talk to him every time. We'd talk about what video games he was playing and get updates on how far he got since the last time we talked. He will be truly missed. Gone way to soon.* ”
