“ Jarrett was one of my best friends all throughout school! Even after school, no matter how long it had been that I talked to him, we always picked right back up. He had issues as most humans do, but even with those issues, he was still the same Jarrett with the same huge heart. RIP my Friend!! 💜

“ The last time I saw Jarrett, he had just became a father and was elated. This will forever be my memory of him. I know he is at peace now, but I also know how hard this is for you. Love, Aunt Joy
