“ I am one of Jody’s older brothers. My memory of my sister that I would like to share is as follows: My sister loved the holidays. She always got so excited about Christmas the most. She would always be shaking everyone’s presents and trying to guess or even trying to sneak a peak before the actual day, and with there being seven of us kids in total she had a blast. Even on Halloween she was always up to shenanigans and making sure we all behaved so we would be allowed to trick or treat. Jody took these fond memories into her adulthood and did her best to bring these joys to her own family. I will dearly miss my sister. I know she is no longer in pain and with the lord now. May she be dancing with joy in paradise!

“ I want to send my condolences to MY niece Caitlin and Nephew Daniel and DJ! My heart goes out to you all! I would like to share that Jody was my sister in law who used to be married to my Brother in law Sean! We all had kids together who were very close in age! I remember when the kids were little we all went camping! What an adventure that was! Uncle Todd, my husband would do the Golden Hand story and get all of us in the end especially your mom! We used to do S’mores! Caitlin and Daniel I want you both to know no matter the differences she and I had she was and forever will be your mom and know I did care for her! She is A mother who loved you with all her heart!
