“ I only knew Kjetil for a short period of time, but from very early on he went from customer, to friend, to brother very quickly. He will be missed greatly and he will be thought of often. My condolences to his other friends and his family, this is an irreplaceable loss for everyone that knew him.

“ This breaks my heart. He and I were always in the same class in grade school. We missed each other in 4th grade but we're right back in the same class in 5th grade. He was always fun to laugh with. Always made people smile and feel like he truly cared about everyone. He will be sadly missed.

“ When we were in the 5th grade, I was Santa and Kjetil was the mechanic in our Christmas play. He had to write me a “bill” during the show and hand it to me. He ALWAYS wrote something hysterical on the note pad and I had to use every ounce of self control I had not to crack up in the middle of the show.

I remember meeting Kjetil when I was a junior at Randall. At first we didn't like each other, but he came up to me one day in Coah Glenn's class and said "hey you have a screwed up name and so do I, we should hang out".

Ever since that day we have been best friends and had so many adventures. Some sad, some great. I felt complete that I found my brother from another mother. He would make it down every once and a while to Austin to visit and we would laugh all night.

What I wouldn't give to hear that again.

Until next time buddy...
