“ *My deepest condolences to Larry's family. Because of life circumstances, I have not seen or talked to him since he walked me down the aisle over 43 years ago. But I only have good memories of him and often wish that the situation had been different so that I had not lost contact with him.*

To the many members of the family that I have never met, my deepest hope that you can find peace. To my sister, Elana and her family, all my love and desire for you to find comfort from those around you.

I wish that I could attend the funeral, but know that my thoughts and best wishes go out to all of you.
