“*Tammy, I just can't rap my head around the fact that you've left us. You always had a smile on your face and kindness in your heart. I'll truly miss you, and I'll miss our weekly football bets. To Hank and the boys, I know that you're hurting so badly right now. I pray for the pain to heal, and I encourage you to keep thinking about the great times you had with her. Time will eventually replace the pain that you're feeling with warmth and fond memories. Until we see you again... Love, Lee*

“*Dearest Sister, I cannot begin to express the whole in my heart and life without you. You have always been the "Rock" to so many...even when we were kids in high school. Your beautiful smile and "no negativity allowed" attitude is something I will always treasure! I love you and will miss you. Until we meet again... Love, Tracy*
