“ I want to give my condolences and prayers to his family. Inez is going to be missed but we will never forget him. He was a father figure to many and they all loved him, the advice he gave the hugs and even a disappointment in his face, but never him getting mad. And at the end of the day he was there for us to talk to. He would give anyone in need his last dollar and even take his shirt off. The love for children was huge. When my children were little and the neighbors kids were around he would buy every single one of them kids ice-creams. He always put a smile on our faces. Vacas was his favorite word for us that didn't learn from our mistakes. I am still in disbelief as I am writing these words. I didn't think what you said to me on your birthday was going to be the last. Inez we loved you and were going to miss you. Till we meet again Inez R.I.P. Lupe Elizondo
